

REMARKS

By the foregoing amendments, the abstract has been amended for better conformity with U.S. standards, and to address a number of other formalities. The specification has been amended to include a specific reference to the international (PCT) and Chinese applications upon which claims of priority are being made.

No new matter has been added by the foregoing amendments to the specification and abstract. Support for the amendments can be found, for example, throughout the application as originally filed.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP
